

Introducing the BRMS Science League!

Are you fascinated by all things science? Do you find yourself researching and learning about science outside of class? Would you like a chance to demonstrate your vast knowledge of science in a competitive way?

If so, join the BRMS Science League! The purpose of the Science League is to provide competitions between schools in selected areas of study in the form of a written exam. All competitions are on two levels: as an individual and as a team of students representing BRMS. Come join us for some science competition!
