

**Board Goals
2020-2021**

Board Goal One: To provide our Chester School District students with an educational program of the highest academic standards and boundless creativity during this COVID-19 pandemic that allows students to continue to grow and develop academically, socially and emotionally and is fluid as needed in delivery as responsive to the public health climate that exists throughout 2020 - 2021.

Board Goal Two: To provide all Chester School District students and faculty with school facilities that meet or exceed all recommended health and safety protocols as outlined in the State of New Jersey's Road Back Plan for opening school districts during this period of COVID19.

Board Goal Three: To continue to be fiscally responsible and strategically manage the loss of state aid and the increased costs associated with returning to school during this unprecedented period for PPE, additional personnel and additional equipment while maintaining a balanced budget by reallocating resources and utilizing our capital and maintenance reserves for these purposes.
